NEW IMPACT BITS

COME AND HAVE A GO
IF YOU THINK YOU ARE HARD ENOUGH

The new range of Teng Tools impact bits is now available. These bits have been tested against competitor brands and have come out on top every time! The new bit design allows for a higher torsion. The full range includes PH, PZ, HEX, TX, ROB and GR head types and are available in three different lengths 30, 50 and 89mm. Once you try these bits you will never use another brand again!
