

250mm Bench Grinder with Multitool Belt & Disc Grinding Attachment

Part # PO482-250

Combine the robust ITM 250mm Bench Grinder (TM400-250) with the Multitool one of Australia's leading Belt Grinding Attachments (PO482).

FEATURES

- Vibration Absorbing Pads on Base for Smoother Running
- Capacitor Start/Stop Motor for Maximum Performance
- Heavy Duty Tool Rests for Maximum User Control
- Large Eyes Shield for Increased User Safety
- Cast Iron Body & Base

The Multitool is a renowned, Australian designed belt grinding attachment. The technology replaces the grinding wheel and converts a traditional grinder into a sophisticated work station ideal for sanding, grinding, sharpening, shaping, polishing and refinishing providing:

EFFICIENCY

Superior performance and a user friendly belt change of under 5 seconds.

VERSATILITY

Grinding, sanding or polishing in 4 positions on rubber contact wheel, platen, disc or free strapping. The unit can also be swivelled vertically or any position in between.

ACCURATE TRACKING

The running position of the belt is simple to adjust and it stays there, allowing for finishing into sharp corners.

QUALITY CONSTRUCTION

Robust, maintenance free with sealed ball bearings, hardened and ground essential components and zinc plating.

3 YEAR WARRANTY

Against faulty materials and workmanship, even when used commercially.
